OBJECTIVE

To leverage my expertise in Java, Data Structures & Algorithms, and Full Stack Development to make a meaningful impact in both academic and software development environments. With a year of experience as a Java Tutor at Coding Blocks and hands-on work in real-world projects using the MERN stack, I aim to guide learners, contribute to innovative solutions, and continuously grow as an educator and developer.

EDUCATION

SR Institute of Management and Technology, Lucknow   August 2020 – July 2024
  B-Tech in Computer Science and Engineering Affiliated by AKTU Lucknow

SBK Inter College, Barabanki UP   May 2019 – April 2020
  Higher Secondary School with PCM Stream in UP Board

CERTIFICATIONS

Certificate 1: MERN Stack Web Development from Udemy
Certificate 2: MERN Stack Web Development Bootcamp from Coding Blocks
Certificate 3: Basic Of Python from Kaggle

ACHIEVMENTS

- Qualified Graduate Aptitude Test in Engineering **(GATE)**   2024
- Achieved a 4-star rating in C programming on HackerRank   Link

TECHNICAL SKILLS

Web Technologies: ReactJs, NodeJs, ExpressJs, Mongoose, REST Api, Bootstrap, Tailwind, Html, CSS

Languages: C, JavaScript, Java   **Database:** MySql, MongoDB, MS Excel

Software & Tools: GitHub, Android Studio, VS Code,

EXPERIENCE

Coding Blocks   Project Manager & Mentor   June 2024 – Present
- Guided student projects on full-stack development with the MERN stack, from planning to deployment.
- Taught DSA in Java, enhancing students' problem-solving and coding skills for real-world applications.

NeXenova Infotech   React Developer Intern   Dec 2023 – May 2024
- Independently worked on assigned projects, demonstrated the proficiency in React development.
- Served as a React Developer at NeXenova Infotech, contributing to various projects, including a weather forecasting app.

PROJECTS

Chatting App   (ReactJs, NodeJs, ExpressJs, Mongoose)   Live|Git
- Developed a Chatting App with a focus on real-time communication and user engagement.
- Implemented modern technologies for seamless messaging, providing users an interactive platform with a user-friendly interface for efficient conversations.

The Leading Navigators   (Html, Css, JavaScript)   Live|Git
- Developed "The Leading Navigators" a business portfolio for a client, marking my first project in web development.
- Overcame various challenges as a beginner, gaining valuable experience and enhancing my web development skills while delivering a satisfactory solution to meet the client's requirements.

Weather Forecast WebApp   (ReactJs, Tailwind CSS, NodeJs)   Live|Git
- Utilized React and Tailwind CSS for the frontend, creating an intuitive and user-friendly interface. Implemented Node.js on the backend to handle server-side functionalities. Integrated an API to provide real-time weather updates, ensuring users experience an effortlessly seamless interface for accurate weather information.
- "Weather Forecast WebApp" stands as a testament to my ability to conceptualize, design, and execute a project from start to finish, contributing to my growth as a developer.

Quiz App   (Html, Css, JavaScript)   Live|Git
- Created a "Quiz WebApp" as part of my internship project, utilizing fundamental technologies.
- This web application allows individuals to participate in quizzes for both fun and knowledge. It features a variety of categories with diverse sets of questions, enhancing user interaction and learning enjoyment.

- I am excited about the opportunity to contribute my skills and experiences.
- I hereby declare that all the information mentioned above is true and correct to the best of my knowledge. **–Abhishek Kumar**
